Dear Prospective and Returning Preschool Families,

Thank you for considering giving your child the gift of a Catholic preschool experience. We are eager to welcome you to our family of professional educators, enthusiastic students and nurturing community.

Cathedral Prekindergarten provides an environment that gives children the freedom to explore, learn, play and discover the wonders of God's love and presence in their daily lives. The program is designed to meet the developmental needs of children ages 3 to 5 years old, with appropriate opportunities for spiritual, emotional, social, physical and intellectual growth. The preschool offers a variety of options, emphasizing Catholic values in activities centered on Christian living and learning.

Cathedral is a nationally certified Nature Explore Classroom. Certified Nature Explore Classrooms are dynamic, nature-based play and learning spaces. This dynamic approach focuses on the development of the whole child: socially, emotionally, spiritually, academically, and physically. We strive to help young children connect with the wonderful world that God made.

Our mission is to prepare our children for the future by teaching them behaviors that allow them to take initiative and engage others in socially acceptable ways through individual and whole group activities. Using a child-centered approach and Early Learning Guiding Principles from the Diocese of Lincoln Catholic Schools Office, children begin to extend their world and family outward, making new friends and trusting new caregivers. They become increasingly aware of the world around them and delight in interacting and experimenting with their surroundings. Knowing that families are the first educators of their children, your family and child are a valued asset to our preschool. We look forward to being partners with you in your child's education.

You are welcome to make an appointment and tour our facilities. If you have any questions, please do not hesitate to stop by the office or call (402) 489-9621.

God Bless,

Angela Miller
